EDUCATION

- **JIS University, Agarpara, Kolkata**   Kolkata, India
  Bachelor of Technology - Computer Science Engineering; GPA: 9.03   Sept 2021 - Sept 2025
  Courses: Frontend Web-Development, Operating Systems, Data Structures, Analysis Of Algorithms, JAVA Programming with OOPs, Computer Networking, Database Management System

SKILLS SUMMARY

- **Languages**:   C, JavaScript, SQL, JAVA
- **Frameworks**:   Tailwind CSS, ReactJS, GSAP, LocomotiveJs
- **Tools**:   Netlify, GIT, Vercel
- **Platforms**:   Web, Windows
- **Soft Skills**:   Leadership, Team Management, Problem solving and Critical thinking Event Management, Content-Writing, Time Management

PROJECTS

- **ArtImage: AI-Powered Image Generator (SaaS Application)**: A scalable SaaS platform enabling AI-driven text-to-image generation with seamless user experience, automated image generations from prompt, secure transactions, and real-time processing.
  Tech: JSX, TailwindCSS, Javascript, ReactJS, MongoDB, Payment gateway integration with Razorpay.

- **Animated Frontend Project on Animal Habitats(ZooSphereNexus)**: Created an interactive blog page on animal habitats, showcasing detailed sections on food cycles, life cycles, and educational content to enhance user knowledge and engagement.
  Tech: HTML, Tailwind CSS, JavaScript, GSAP

- **Think of Future(Interactive Animated Frontend Project)**: Created a user-interactive frontend project featuring dynamic animations, modern UI/UX designs, and engaging elements for an enhanced visual experience.
  Tech: HTML, CSS, JavaScript, LocomotiveJS, GSAP, ThreeJS.

- **PAI: AI-powered Image Enhancer(SaaS Application)**: A productive SaaS platform enabling an AI-driven Image enhancer with a functional user experience, enhances the image quality using AI.
  Tech: JSX, Tailwind, vanilla CSS, ReactJS

CERTIFICATION

- **Unit testing in Java offered by Coursera**: Learned unit testing in Java with practical examples to improve code quality and ensure reliability.

- **Frontend Domination-create anything with code**: Mastering front-end development by building dynamic, responsive websites using HTML, CSS, JavaScript, ReactJS, and other frameworks etc.

- **Java Programming with OOPs and DSA**: Advancing Java programming, object-oriented principles, and data structures for efficient coding and problem-solving.

VOLUNTEER EXPERIENCE

- **Core Team member at Google Developer Student Clubs JIS University**   Kolkata, India
  Collaborated in the core team of GDSC events, a community for learning & collaboration.   May 2022 - Sept 2023

- **Event Manager at CODEFEST'23**   Kolkata, India
  Conducted online and offline technical and soft-skills training impacting over 400+ students.   March 2023
